<i>Jersey</i>				
1	<b>Short Sleeve Jersey</b>	CS Tech Fabric - Champion System jerseys have quickly become the standard by which all jerseys are measured. From day one, we made it our goal to offer the best possible jersey for all riders and that's why we never offer a "pro" version for a higher price. Your club will be riding in the same jersey as our sponsored pro teams.		\$99

3	<i>Long Sleeve Jersey</i>	Fleece Lycra - *Introduced in 2014* Based on our previously popular CS Tech Fleece Jacket, the Tech Fleece Lite features a slightly lighter gauge fabric, designed to give you another lighter option for cool weather riding. The CS Tech Fleece Lite is perfect for 5-10°C riding, or even racing in cooler temperatures. Made from our new CS Tech Fleece Lite fabric, this lightweight warm jersey is ideal when a Long Sleeve Tech Jersey is not enough and a Fleece jacket may be is too much.		<b>\$134</b>

4	<b>Summer Short Sleeve Jersey</b>	Ultra light weight fabric - We've all ridden on brutally hot days and sometimes even the best wicking sleeveless jersey can't keep you cool enough. We have the answer — the Champion System Summer Jersey. Our Summer Jersey is made from our ultra-lightweight CS Helium fabric and features mesh side panels for increased ventilation. 30% Lighter than other jerseys out there.	<p>: Left Side</p>	\$121

<b>Shorts</b>				
8	<b>CS Cycling Shorts (No Bib)</b>	Standard Club Cycling Short - A high-performance interface between the bike and your anatomy, these shorts set the standard for comfort and moisture transfer. The multi-panel cut is designed to fit closely and move as you move, without adding any resistance or pressure. The tailored chamois uses variable thickness padding and an ergonomic cut that relieves pressure points and allows air to circulate.		<b>\$110</b>

9	CS Pro Bib short	Better Club Cycling Short - *NEW for 2015* The PRO bib short is targeted at those riders who are looking for the comfort and feel of a non-elastic injected gripper, but do not wish to go to the expense of the Razor bib short. The PRO bib short takes the basic pattern of our standard Full-Wrap bib shorts, but adds a one inch injected gripper band on the bottom of the shorts, providing excellent comfort and fit.		\$126

10	<b>Women's Bella Short (No Bib)</b>	<p>Women's Contour Cycling Short Our new design is created for riding comfort specifically at the leg opening – we designed a simple leg opening that allows for a comfortable fit and an appealing look for the rider. Many shorts are restrictive at the leg band and create an undesirable look (“Sausage legs”). Our BELLA shorts create a seamless look and allow maximum leg movement and a flattering look.</p>		<b>\$183</b>

11	<b>CS Razor Carbon Bib Short</b>	<p>Best Club Cycling Power Short - Based on our very successful Elite Razor bib short, we have introduced higher specification fabrics... with more technical characteristics. Designed for serious cyclists looking for the ultimate performance edge. The bottom panels of the bib short are made from our "bib short specific" CS Carbon fabric. This fabric allows higher levels of compression over the leg muscles along with increased thermo-regulation properties.</p>		<b>\$243</b>

18	<b>Fleece Leg Warmers</b>	Fleece Lycra - CS Connect is a band of clear injected silicone grip that is placed at the top, on the outside of the knee or leg warmer. When the CS PRO or RAZOR bib shorts are worn with this warmer, the injected grippers connect with each other ensuring the bib shorts do not 'ride up'. A fantastic innovation! YKK zippered ankle opening.		<b>\$77</b>
