

KAWARTHA CYCLING CLUB RISK MANAGEMENT POLICIES

The Kawartha Cycling Club (KCC) is a volunteer based non-profit organization that focuses on all aspects of cycling and encourages member social interaction.

The KCC is committed to providing an environment where all individuals are treated with respect and dignity, can contribute fully, and have equal opportunities. Harassment or discrimination will not be tolerated, condoned or ignored. In cases where such a claim is proven, disciplinary measures will be applied, up to and including expulsion from the KCC.

The KCC endeavours to make all rides as safe as possible. To help achieve this, the Club has developed the following rules of conduct that all riders are required to observe.

Membership

1. All riders must be a member of the KCC, another Ontario Cycling Association (OCA) affiliated club, or a Try-A-Ride participant who has completed the waiver form.
2. All KCC members must complete the OCA waiver form (through the registration site or physical waiver) prior to obtaining membership

Safety

3. Approved cycling helmets must be worn at all times while participating in any KCC ride, and other protective equipment is strongly encouraged (e.g. gloves, eye wear).
4. All members must adhere to and obey all rules of the road as per the Highway Traffic Act (Ontario) during rides.
5. Each member will conduct themselves in a responsible manner and is accountable, and retains liability, for their own actions.
6. All members of the KCC are responsible for bringing forward to the Executive any safety issues related to KCC rides which present themselves throughout the riding season.
7. Any member on a KCC ride should immediately advise the Ride Leader(s) and others if that member feel the group or individuals in the group are riding in an unsafe

manner. The member should withdraw from the ride if they feel unsafe.

8. The ultimate responsibility for safety rests with the individual member.
9. Riders who witness an incident involving injury and/or property damage involving a member of the ride are responsible for reporting the incident to the Ride Leader and/or KCC Executive a.s.a.p.
10. The Ride Leader, in conjunction with the involved and witness riders, will report to the KCC Executive any incident involving first- or third-party injuries and /or property damage. The Executive, once notified, will be responsible for ensuring an OCA accident report form is completed and filed in both KCC records and the OCA.
11. KCC rides will not run if lightening is present and will be cancelled if lightening is sighted.
12. Personal Listening Devices (mp3 players, iPods, Bluetooth ear buds, headphones, etc.) are not allowed on any KCC rides.
13. Front and rear lights are required during any KCC ride which takes place one half hour before sunset and/or which may extend into darkness.
14. Members are not to be under the influence of any drug or beverage product that could impair their riding judgment while on a KCC ride.

Additional Member Responsibilities

15. Riders are responsible for ensuring that their bicycles are in good working order and carry appropriate repair supplies.
16. Riders are to ensure their own hydration and nutrition.
17. Riders should carry identification and emergency contact information.
18. KCC members are responsible for ensuring they are sufficiently fit for their desired activity.
19. New or novice members should initially participate in the Monday Gravel/trail ride or the Thursday casual ride before participating in more challenging and advanced rides.

Group Rides Specific Additional Policy

20. Ride routes will be selected to avoid busy and /or dangerous roads where possible.
21. The KCC Executive recommends at least one person in each ride group carry a cell phone in case of emergency.
22. All non-competitive events will have a designated Ride Leader. The Ride Leader may appoint a designate should the Ride Leader be unable to attend a KCC ride. If the Ride Leader is unable to attend a specific ride, the Executive recommends the group designate one of their number to act in this capacity before the ride begins. Each individual group on a KCC ride may not have a Leader.
23. Prior to each ride the designated Ride Leader should review the cycling route and address any concerns they have on this route. The Ride Leader has the final decision on all matters pertaining to the KCC ride and her/his decisions must be respected by all participants.
24. On relaxed touring rides, Ride Leaders are encouraged to nominate an

experienced cyclist as a “Sweep”. The Sweep shall cycle last in the group and shall provide help and support to members as required.

25. While cycling on trails all riders must be courteous and considerate of other trail users.

26. When a large number of riders come out for any given ride, riders are encouraged to break into smaller groups of 6-12 riders. Groups should ride at least 100 meters apart on the road to allow safe passing.

27. Riders must not be left behind during a KCC ride unless they first confirm with the ride coordinator(s) that they are detaching from the group: all members are responsible for ensuring they properly notify the ride coordinator(s) if they are detaching from the group.

28. KCC holds a great variety of events which should be suitable for most levels of riders. We do not expect new members to be expert cyclists, but we would like to encourage all members to develop their skills and emphasize that adherence to the safe riding practices outlined in this document is essential for all members.
